

# Change of Garbage Bags for Plastic Waste & Packaging

- From when? ⇒ January 2023
  - How? ⇒ No more 45-liter pink-colored bags  
Please use transparent or semi-transparent see-through garbage bags with a capacity of 45 liters or more (sold on the market)
  - Where to buy? ⇒ At supermarkets, home centers, 100-yen shops, etc.  
There will be no more city-designated bags for unburnable plastic waste.
- ※Other points to note
- There are no changes in the rules of garbage sorting.
  - Pink bags that remain will be accepted until June 2023.

Until December 2022		Current (after January 2023)

# How to Sort and Set Out Household Garbage

Takaoka City Homepage

How to Sort and Set out Household Garbage

Garbage, once sorted, should be set out at designated pickup spots on designated days. Collectors will label and leave unacceptable garbage.

**INQUIRIES** Takaoka City Environmental Policy Section  
TEL: (22) 2144 FAX: (22) 2341

## Burnable Garbage (collected twice a week)

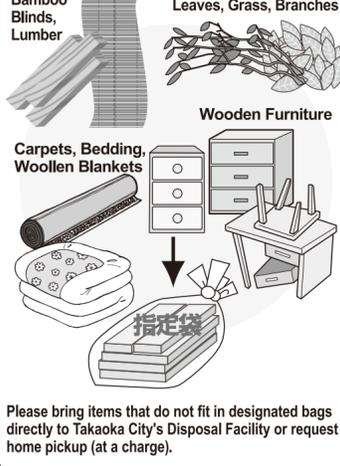

● Please use designated garbage bags. Collectors will label and leave garbage placed in non-accepted bags.

## Non-Recyclable Paper Containers

## Cut into pieces that fit the designated bag

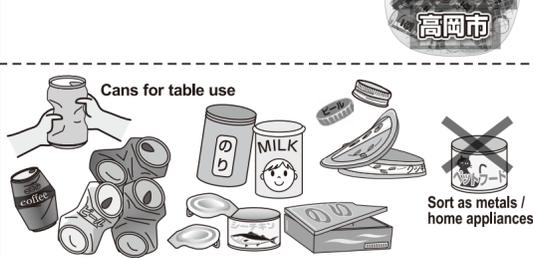

Please bring items that do not fit in designated bags directly to Takaoka City's Disposal Facility or request home pickup (at a charge).

## Non-burnable Garbage (collected twice a month) Please set garbage out by 8:30 am.

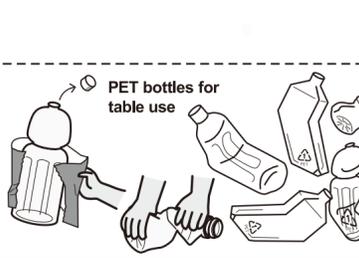

### Cans for table use (in steel or aluminum)

● Please crush after cleaning.  
● Recycle can tabs and metal caps on juice or beer bottles here.

### PET bottles for table use

● Please crush after cleaning.  
● Recycle plastic caps and labels as plastic waste.

### Glass Bottles for table use

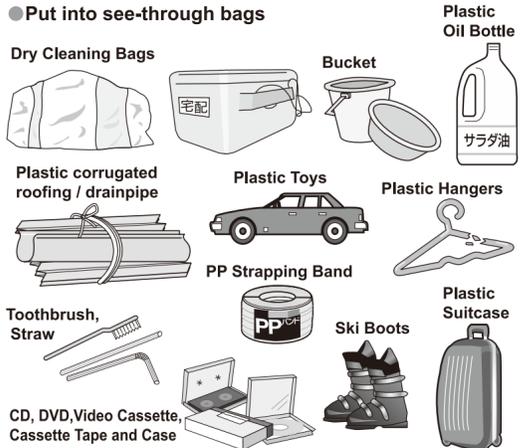

● Please clean the inside.  
● Separate by color into basket  
Colorless → Blue Basket  
Brown → Brown Basket  
Other → Green Basket

### Plastic Containers and Packaging

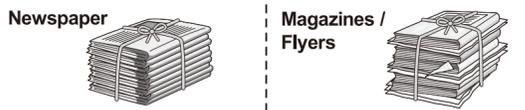

### Other Plastic Waste (of size less than 1m)

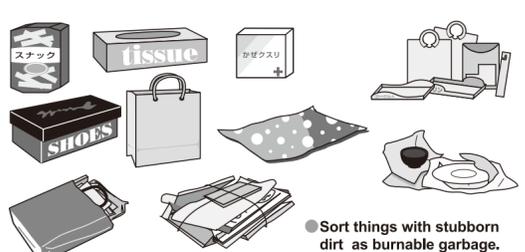

### Used Paper

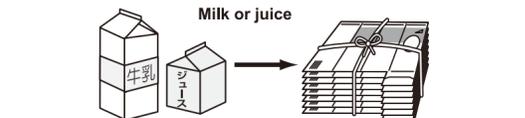

● Sort by category and bundle with strings  
● Do not use tape or plastic bags

### Paper box / wrapping paper (separated from cardboard, cartons, and magazines)

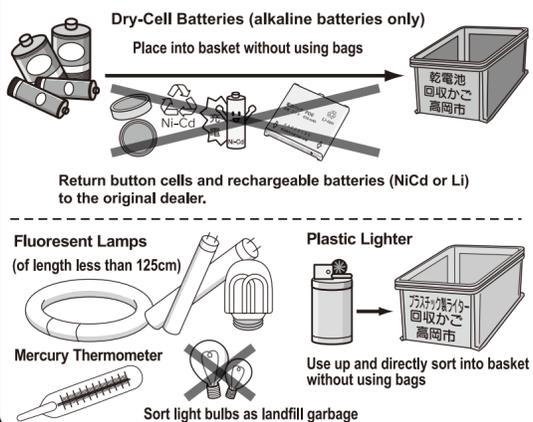

### Cartons (without aluminum foil)

### Cardboard Boxes

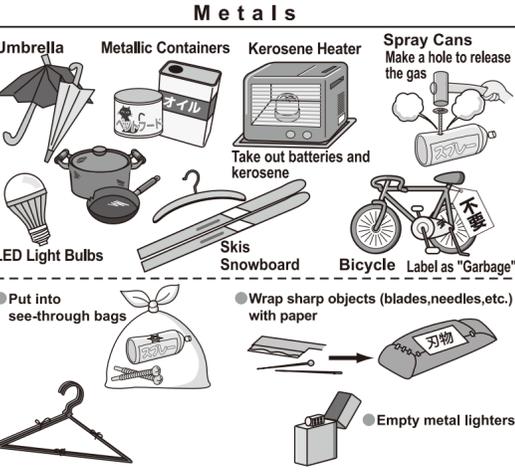

### Batteries and Hazardous Waste

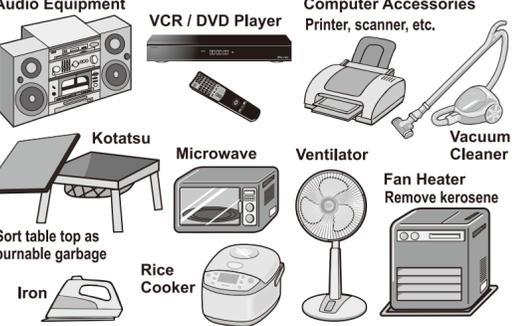

### Bottles for table use

### Metallic Waste / Home Appliances

### Home Appliances

### Landfill Garbage Ceramics
